

Submitter: Livina Austin

On Behalf Of:

Committee: House Committee On Higher Education and Workforce
Development

Measure, Appointment or Topic: HB3008

To whom it may concern,

I am a caregiver through the ERDC program. I care for two neuro-diverse young children. A typical day in my child care home is very busy with continuous activities. I support the continuation of this program..

I felt appreciated and needed in my community and was very thankful for the allotment. I allocated somee back into my business for the benefit of myself and the children.

Please reconsider and keep this funding

Thank you,

Livina Austin
