

Submitter: James Shannon
On Behalf Of:
Committee: Senate Committee On Natural Resources and
Wildfire
Measure, Appointment or Topic: SB769

I am in support of this bill and believe this has the opportunity to make a measurable difference for our states wildlife. I have seen a huge increase in cougar numbers and predation by cougars. While I love seeing them on the landscape I think counties being able to utilize more effective measures to only gives a tool to manage healthy populations; it also gives more value to cougars while protecting other species where needed. I want us all to have the tools we need to help all of the animals be effectively managed. This is a win for all of our states wildlife and wildlife supporters.
