Chairman Meek and Members of the Committee

Please vote NO on SB380. Oregon's current estate tax fairly returns to the public a small portion of the gains a decedent has earned here. The monumental needs we have for providing education, healthcare, etc. for present and succeeding generations far outweigh those of private beneficiaries. The wealthy citizens of our State do not need any more tax breaks. Instead, particularly in this fragile time for democracy, we need to protect this modest local source of revenue for the State.
