Position on Bills at 2025 Session of Oregon Legislature:

HB 2727: Support

The Oregon Progressive Party supports HB 2727, which would expand restrictions on post-legislative service activities to prohibit receiving money or other consideration for advocacy on behalf of a public or private entity for changes in policy or funding for public or private sector programs or entities.

We agree with Legislative Counsel that the restriction should be limited to lobbying of government officials, including legislators, and not to generic "advocating . . . for changes in policy or funding for a public or private sector program to entity."
