Measure, Appointment or Topic: SB764

Dear Members of the Senate Finance and Revenue Committee,

As the daughter of a farmer who worked our family land—held by our family for generations—I strongly support SB 764. Family-owned and operated businesses are essential to Oregon’s economy and identity. This bill ensures that businesses, like farms, can continue through generations without undue tax burdens that often force families to sell. It protects legacies and preserves opportunities for the next generation to contribute and thrive.

Thank you for your consideration.

Sincerely,
Jennifer Schurter
