

Submitter: Andrea Kozil
On Behalf Of:
Committee: Senate Committee On Natural Resources and
Wildfire
Measure, Appointment or Topic: SB777

I am writing in opposition to SB 777.

Ranchers are currently compensated at 100% market value for losses proven or suspected to be from wolves. That compensation is exactly fair. Most importantly is the use of non-lethal measures to mitigate conflict and a compensation multiplier discourages the use of non-lethal measures.

Let's focus on wolf conservation with fair compensation and non-lethal measures.
