Measure, Appointment or Topic: SB777

I am writing in opposition to the proposed measure SB777.

In supporting ranchers who, bless them!!, are trying to put in place non-lethal measure to co-exist with wolves, this multiplier will deplete funds quickly and actually provide less support. It doesn't actually benefit the goal I believe in to get ranchers and wolves in a better place long term. Also giving them more money doesn't make this problem go away or make it better for them. The real solutions are mitigation practices with the abundant resources to support them in putting those in place - that is how real change happens.

I do not support this bill.

Thank you,

Crystal
