Measure, Appointment or Topic: SB277

Salutations Senate Judiciary Committee

Currently, no one is allowed to inform ICE about illegals here in Oregon and making it a crime. That itself is a crime itself, a Federal Crime. This puts everyone in a catch 22 that, quite frankly, I have no intension of violating Federal Law. All illegals need to be deported. Period. I therefore oppose this to be reworted, to where, all illegals are deported. Those who do crimes do max time, ICE be notify and encouraged to be deported to El Salvador.

Economically, illegals do nothing for the communities around, in that, they are allowed housing, food, funds that exceed both my jobs twice over; sleep better, eat better, better care than taxpayers while doing practically nothing for it and/or committing crimes free will basis.

Tony
