RE: Support for HB 2792

To the House Committee On Labor and Workplace Standards,

I believe the costs of strikebreaking works should be known to those on strike and to the public. These costs are just the start. Any additional costs on advertising and publicizing lies will be nice on the list. Any money being spent to not take care of patients can't be explained away.

Thank you for accepting my testimony and I look forward to your support.
Lauryn Guyton-Moore
