Measure, Appointment or Topic: SCR2

I have often wondered why so little focus has been placed on the resources available at the Salem airport. I believe the proposed amendment to SCR2 suggests that a stronger look at Salem Airport's capabilities is in order and properly puts the focus where it should be. Let's use these regional resources in the way that makes the most sense. Please support the -1 amendment.

To solve this concern in the correct way "Recognize the important role of the SALEM AIRPORT in the State of Oregon's emergency preparedness and response efforts." By doing so, one will then properly analyze the correct role the Aurora State Airport plays in this matter.
