

Submitter: ryder greene

On Behalf Of:

Committee: House Committee On Economic Development, Small
Business, and Trade

Measure, Appointment or Topic: HB3329

Dear legislators

I'm asking for support of hb3329 and Oregon film

I've been working in Oregon in film and tv since 2003

Film work has enabled me to buy a house and live and work in Oregon for 20 plus
years

As you know the amount of tax incentives comes back many many times over in
dollars spent in Oregon

Not only film crew but food,locations,local vendors and a myriad of other things that
film and television production spends in Oregon,thank you for your consideration
