

Submitter: Jessi Presley-Grusin

On Behalf Of:

Committee: Senate Committee On Human Services

Measure, Appointment or Topic: SB20

Disability benefits provide next to nothing to people with disabilities and require ridiculously low income limits to even qualify. This is making state and federal healthcare/insurance critical, but even there people with disabilities face gaps in coverage and are forced to pay out of pocket. Everyone should have access to medical assistance, please vote yes and ensure people with disabilities get that access, too!
