Development

Measure, Appointment or Topic: HB3053

This bill is such a positive step forward! By funding a pilot overnight AAC camp, it not only provides crucial services for kids but also creates valuable opportunities for graduate students and offers much-needed support for families. It's great to see initiatives that prioritize inclusion and ensure that all children, regardless of their communication needs, can enjoy meaningful camp experiences. Hopefully, this will set a precedent for similar programs across the country, expanding access for even more kids and families in the future!
