Measure, Appointment or Topic: SB949

Dear Committee Members -

I am writing to strongly support the proposed bill to secure funding for acquiring and developing affordable and mixed-use housing in N/NE Portland. This measure is crucial for promoting family stabilization and upward mobility for residents in the area.

Currently, Oregon faces a severe housing emergency that disproportionately affects underserved and vulnerable communities. Residents of N/NE Portland are particularly struggling to find affordable housing options. The effort will significantly alleviate the housing crisis in the neighborhood.

This initiative will be a significant step towards resolving the affordable housing shortage and enhancing community well-being!
