

Submitter: Ethen Perkins

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB547

I believe that if native plant appreciation month bill is passed it will encourage folks to look at planting labels and choose natives that benefit native insects as pollinators and animals that utilize native plants in yards and landscaping. It will also increase awareness of rare, threatened, endangered or endemic plants to Oregon. I hope the Native Plant Society of Oregon continues to promote understanding, research and conservation of our native flora. With your help this will be the case.
