

Submitter: Kirsten Davis

On Behalf Of:

Committee: House Committee On Higher Education and Workforce
Development

Measure, Appointment or
Topic: HB3053

Dear Oregon Legislators,

I am writing in support of HB 3053 which serves some of the most vulnerable and underserved members of our society. I hope you will agree that a society that serves all of its members is a kind society and an unkind society has no real reason to continue. I hope you will vote to affirm what is best in us.

Sincerely,

Kirsten Davis, MS, CCC-SLP
