In a perfect Utopian world or a Communist or a Race based requirement to get a house world, maybe just maybe, you will own a house. But wake up, we do not live in such worlds.

Screw your crybaby racism arguments, the your misguided feelings you are worthless with respect to Generational Wealth.

I am sick and tired of hearing the moans and groans of the great unwashed.

We live in the greatest country in the world.

We are continually being blessed by God.

We are blessed with abundant opportunities and natural resources.

And yet, crybabies-all you seem to do, is to make your Mamas sad.

If you want to cry about something that you can do something about-ask how much taxpayer money it cost to produce [HB 2698].

Then vote the incompetent Legislator(s) out of office.

Maybe you will get a House of your own. I'll be praying for you."
