Committee: Senate Committee On Labor and Business  
Measure, Appointment or Topic: SB916

RE: Support for SB 916

To the Senate Committee On Labor and Business,

It's hard to do the right thing when you cannot afford to. Providence has taken advantage and are counting on us folding due to the financial burden of being on strike. We lose our checks and balances.

Thank you for accepting my testimony and I look forward to your support.  
Beth Herrera RN
