RE: Support for SB 916

To the Senate Committee On Labor and Business,

Striking workers put themselves at risk when going out on strike. These strikes involve people calling for the upholding of safety standards (whether that be for the public good, that of the workers themselves and/or both). Power inequities are rampant in the healthcare industry and a reason that the most recent strike votes and strikes themselves have taken place.

We must stand up in support of workers! I urge you to support Senate Bill 916/House Bill 3434.
