

Hello!

My name is Melynda Cordes and I own EMC Black Car Service in Medford, Oregon.

My company was fortunate enough to provide transportation services to 3 film productions in Southern Oregon in 2024. This experience has put EMC Black Car on the map and provides more revenue and increased visibility for our small business and we appreciate it more than you know. As a company that loves our community, we also witnessed other small businesses flourish with the film crews coming into town, eating at locally owned restaurants or staying at any of our areas beautiful bed and breakfasts. Oregon is beautiful with many wonderful landscapes. Please consider increasing the incentive.

Thank you for your consideration,

Eric and Melynda Cordes

EMC Black Car Service
