

Submitter: Lincoln Barron Holmes
On Behalf Of: OR IATSE UNION
Committee: House Committee On Economic Development, Small
Business, and Trade
Measure, Appointment or Topic: HB3329

It is essential that we vote to increase the film incentive cap to help bring more film work to our state! it directly effects the work and livelihoods of my self and thousands of other Oregonians - both directly in the form of Union Jobs created, and also indirectly supporting independent and locally owned and staffed vendors and service providers, hospitality and tourism businesses - the list goes on!. bringing film and media projects to the area is good for our community and our vibrant arts scene and the film office tax incentive is crucial to helping to do so. thank you and plead vote yet on this increase cap - sincerely , Lincoln Barron-Holmes
