

Submitter: Jane E Unger  
On Behalf Of: HB3329  
Committee: House Committee On Economic Development, Small  
Business, and Trade  
Measure, Appointment or Topic: HB3329

As someone who has worked in the creative field in Portland, Oregon for the past 30 years, I've seen first hand how the creative industry adds economic growth to its surrounding neighborhood and city both by adding jobs and by increasing commerce. Portland has always been an attractive place for the film and television industry but as a city we've only begun to tap its full potential.
