

Submitter: Jacqueline Rothenberg

On Behalf Of:

Committee: House Committee On Economic Development, Small  
Business, and Trade

Measure, Appointment or Topic: HB3329

As a former entertainment industry worker in California, I know first hand how much it will benefit Oregonians of all stripes if we made it easier and more advantageous for film & TV production to happen here in Oregon. And during these challenging times, let's help Oregon become a haven for the arts as it will not only better the lives of Oregonians, but of all Americans.
