

Submitter: David Wall
On Behalf Of: Mr Oregon OPPOSES SB 832
Committee: Senate Committee On Judiciary
Measure, Appointment or Topic: SB832

I OPPOSE [SB 832] as written.

From the TEXT of [SB 832], "... (6) The State Treasurer shall deposit all moneys from penalties recovered under this section into the Department of Agriculture Service Fund established by ORS 561.144. Moneys deposited under this subsection are continuously appropriated to the department for carrying out the administration and enforcement of the laws, rules or orders under which the penalties are assessed..."

From the TEXT of [SB 832], "... The State Department of Agriculture shall adopt a schedule or schedules establishing the amount of civil penalty that may be imposed for a particular violation..."

**The State Department of Agriculture can and will, levy civil penalties [monetary fines] where the collected money, goes to The State Treasurer and then The State Treasurer deposits the money gained from [SB 832] back into the coffers of the "Department of Agriculture Service Fund."

**HmMMM. [SB 832] seems to empower the "Fox to guard the Hen House."

**Will [SB 832] create a payola system tailored to farm animals and their feeds?

***On a sidebar commentary, I have been told by the Wilsonville Costco employees, who work at the "food court," when Costco closes at night, the left over pizzas are given to a local "Pig farmer" to feed his pigs.

**Will [SB 832] support or frown upon the pigs chowing down on leftover pizzas?

**Will the butchered pig meat taste like prosciutto flowing from their Italian delicacy reverently referred to as pizza?

**Costco does sell prosciutto but I do not know if Costco's sells a "Salami flavored prosciutto."

Mr. Oregon ConcurrS and says, "[SB 832] supports Foxes guarding Hen Houses and pizza eating pigs. What more do you want?"
