Ladies and Gentlemen,

I am against this proposed change in our State Constitution for the very reason that it was fashioned after the U.S. Constitution. On your first day in office this year you swore to uphold both of these documents. And currently both use the term "Militia". I don't see any problem with how it is stated now, as I am part of that militia. If this bill was to proceed without a vote of the people it would be a great error on your part. It seems that the Liberals both Democrat and Republican, of this state are trying to change us Law Abiding Citizens into criminals by any way, shape, or form that they can.

And I believe that if you keep pushing you will find out that there is a larger number of us in the state than there are of you people in Salem. And by the way the States National Guards, the US Military are all subordinated to the citizenry of this country. I think you better brush up on what those documents say.

Thank You For Your Time.
