

Submitter: Josephine Carstensen

On Behalf Of:

Committee: House Committee On Economic Development, Small
Business, and Trade

Measure, Appointment or Topic: HB3329

As an Oregon-born resident, I support this measure as it will directly impact my ability to make a living in my industry. I love living in Oregon and would much prefer to live and work in this state. I would be heartbroken to have to move to a state that has more film opportunities. Please vote in support of this essential measure for artists and the family of artists.
