On Behalf Of:

Committee: House Committee On Education

Measure, Appointment or Topic: HB2953

My name is Shane Savoie and I appreciate the opportunity to speak in support of House Bill 2953. I am writing today as a concerned citizen and advocate for a strong, accessible, and equitable higher education system in Oregon. I firmly believe that this legislation is a critical investment in our future—one that will benefit students, educators, and our communities as a whole.
