My name is Stephanie Ford. I'm writing you today to show my full support of Affordable Housing Project through SEI. I am a 53 yr old woman raising a teenage daughter. I work over 60 hours per week just to afford the consistently rising cost of living. Even with the extra hours I work, I still feel only a paycheck away from being homeless. I would love to be a home owner someday. When I sit and think about the cost of being a homeowner, I feel it's out of reach for me. With the high rent prices that seem to go up every year, how would I even save for the down payment? To have a program like this that would provide real guidance and education would be a Blessing.

Sincerely
