On Behalf Of: Friends of the Yamhelas Trail
Committee: Senate Committee On Judiciary
Measure, Appointment or Topic: SB179

Please support the bill that will sunset unless you act now. Also, please strengthen the bill by addressing the fact that trails are both recreation and transportation, and so the word "conveyance" would be a much better to apply to all the trails. The bill can be strengthened so please extend the bill to cover private landowners. Thank you.
