

Submitter: PATRICK CARNEY

On Behalf Of:

Committee: House Committee On Economic Development, Small
Business, and Trade

Measure, Appointment or Topic: HB3191

I am writing today in support of HB3191. I have the privilege of serving on the Elsinore Board and ask for support of our local arts. The Elsinore is a vibrant centerpiece of activity downtown. It draws people from large region into our town supporting local businesses and bringing the surrounding blocks to life. Our local supporters look forward to the night of a show and getting back to spend time with people they care about, something all can appreciate. HB 3191 will help the local arts and continue bringing us together as a community. Thank You Patrick
