I oppose this bill. ORS 107.718 already allows the court to use its discretion in ordering visitation between a parent and their child including ordering supervised visitation. ORS 107.718 already allows the court to order parenting time, “. . . unless such parenting time is not in the best interest of the child.” ORS 107.718 already allows the court to order, “(h) Other relief that the court considers necessary to: (A) Provide for the safety and welfare of the petitioner and the children in the custody of the petitioner . . .” This desecration should not be taken away from judges that are present and know the facts.
