This appears to be the "One Step Backward" in the old saying "Two Steps Forward, One Step Backward". In fact, the success and support of 2024's SB 1530 Housing Investment Package is not enough and should be ever expanded on. Federally, folks are losing Lieap (energy assistance), for example, which is the tip of the iceberg coming (or no longer coming) from Washington DC. This is not in the spirit of Oregon's tenant-friendly legislative priorities and should be opposed.
