Measure, Appointment or Topic: SB179

Hello, I am Ingrid Henrickson, I have been an assistant Crew Leader With the Trail Keepers Of Oregon on the North Coast for the past five years. I help build, maintain and clear logs off of the trails with cross cut saws. It's fun and very rewarding work. I feel it's important to pass the bill, that makes permanent the changes to landowner immunity laws. Because now more than ever before people need time in outdoors and in nature to learn how important it is to preserve for future generations. I know from working on trail's and getting thank yous from hikers that they are important and help build a stronger community. If you pass the bill, We could rebuild a tire trail in Oceanside that is in need of repair, but it also connects the north and south side of the town. Thank you Ingrid Henrickson
