This is a terrible “bullying” bill against our great ND doctors in Oregon. It also opposes every US CONSTITUTIONAL RIGHT we all have (including ND’s) in so many ways.

I have had so many great ND doctors in several different states I’ve lived in in my life time and each one has their own ways of treating their patients. They specialize just as MD doctors do.

Are you going to restrict oregons MD doctors as well?

This bill would basically restrict them from doing their jobs as a doctor is trained to and punishes Oregon ND doctors for anything the state or citizens don’t like. I fear we who prefer to go to Naturopathic Doctors would lose our doctors.

This bill really dislikes ND doctors and their patients. Let them treat their patients as they feel is right for each one.

Please do not pass this bill.
