

Submitter: Dan Gorczyca

On Behalf Of:

Committee: House Committee On Economic Development, Small  
Business, and Trade

Measure, Appointment or Topic: HB3329

Oregon's production industry has created multiplying economic benefits for the state with prior tax incentives, and can again. Series and Film work require the partnership of many ancillary support industries (catering, carpentry, rentals, lodging), and elevated employment contributes to the tax base. Thank you for voting on behalf of this measure.
