Re: Support for House Bill 3187, the workplace age discrimination bill

My name is Sherry Schroeder and I am a member of American Association of University Women of Oregon. I write this letter in strong support of House Bill 3187.

Oregon law must make sure that discrimination in the workplace based on age is unacceptable and illegal. Under the law as defined by courts, all employers need do is point to another reason for an action unfavorable to its employees – even if age was a factor in their decision. This loophole is unfair and needs to be eliminated. If it's age discrimination, employees should be given an opportunity to hold employers accountable.

Age is an asset to employers, not a liability. It is important to respect and value experience, not dismiss it.

There may be situations where an employer needs to know an applicant's age, but not before a conditional offer is made. Currently, computer programs receiving job applications can just automatically reject an applicant based on age – before anyone even glances at the application. This isn't fair and urgent change is needed

Older Oregonians often must provide financial support to themselves and their families, just as much as younger Oregonians. If they can do the job, they should be given an opportunity to do it.

I urge you to support House Bill 3187.

Sincerely,

Sherry Schroeder
