Members of the Committee on Judiciary

This proposed Bill is rich given the amount of in place, or willfully voted on abuse of children coming from the Oregon legislature already occurs. Everything from the permission & encouragement to murder children to mutilation of them for life and a range of in-between.

This voter has no confidence that any Bill even remotely related to impeding the 2nd Amendment will be drawn up fairly or with true intention of protecting an Oregon child. Your record under that guise is too damning. And defiantly un-Constitutional. HB 2774 is quite suspect in my view.

Consider my testimony a strong NO to the continuation of inept or hidden agenda laden strategy in handling households or parents in Oregon. I simply do not trust your judgement.

Sincerely
Sally Klein
