Measure, Appointment or Topic: HB3329

Hello my name is Edward Barnes.

I have worked in the film and Television industry for over 3 decades.

I also own a business in Oregon that works directly with the Film and Television Industries.

This is how I have made my living and support my family.

Hb 3329 will help bluster the film industry in Oregon that supports so many family's like mine.

Thank you for your consideration.
