I write in support of HB2953

As a 14 year old freshman at Caldera high school, Bend Oregon, and a student on a 504 I think passing this bill is important. If this bill were to not be passed many kids would continue to suffer. I am so grateful that I attend a nice school with amazing resources for SPED kids. Passing this bill will help me and the kids I know across Oregon get equal, and equitable access to the resources they need. This is a very important topic to me, and I hope you hear the voices of the kids this is affecting.

Thank you.
