Measure, Appointment or Topic: HB3191

State funding of the 14 capital improvement projects on the slate will insure that performing arts, cultural experiences and history can be enjoyed by Oregonians across the state.

Improvements to the 98 year old Elsinore Theatre are needed to continue offering nearly 70,000 guests a year high quality entertainment in our capital city. Elsinore events fill tables in our restaurants, rooms in hotels and add to the quality of life of Willamette Valley residents.
