Business, and Trade  
Measure, Appointment or Topic: HB3329

To Whom it may concern,

My name is Matt Krajicek, and I am a proud member of Teamsters Local 305, working as a production vehicle driver in Oregon's film industry. I am writing to urge you to increase our state's film tax incentives to attract more productions and create more jobs for local workers.

This industry has been transformative for me, providing a livable wage and the opportunity to work alongside talented, artistic, and highly skilled professionals. Many of us have families and loved ones who depend on the stability this industry provides. Beyond supporting workers, film productions generate significant economic benefits for our communities—boosting local businesses such as hotels, restaurants, and service providers, while also contributing through permits, property rentals, and other expenditures.

Although the industry has faced challenges, particularly in recovering from the impact of COVID-19, it has persevered and remains a vital part of Oregon's economy. With stronger incentives, we can ensure its continued growth, attract more productions, and solidify Oregon's reputation as a premier filming location.

I respectfully ask for your support in increasing the budget for film tax incentives so that we can continue to thrive—not only as workers but as a city and state that benefits from this vibrant industry.

Thank you for your time and consideration.

Sincerely,  
Matt Krajicek  
Teamsters Local 305
