Senate committee on Veterans...

SB 947 is so ill conceived I sound toxic and out of character.

To alter the very intent of our fore fathers who fully understood the difference between military and armed citizens , is purely wrong.

Our Veteran's have seen the work of the most evil governments in person... I have to know they understand full well the reason Fore Fathers defined Militia.

The 2nd Amendment was never written to be delicate... it was written by people who knew full well the very nature of government.

SB 947 was conceived to promote a further assault on good citizens.

Kill the Bill now.
