Measure, Appointment or Topic: HB2738

i fully oppose this bill .it The race track is a family orientated place to enjoy all forms of motorsport activities . car shows . auto racing ,motorcycle racking ect . we have been going there for a very very long time and have zero issues from the lead concerns . our daughter races there and will continue to do so if you stop the madness on a 2017 2 day study that showed NO measurable harmful lead at the track or the neighborhoods . even osha said that it was safe as to there USA standards . .. please stop this attack on the whole facility Please ... i and my family want a NO vote and we oppose this bill hb2738

thank you
