

Submitter: NANCY NICHOLS

On Behalf Of:

Committee: Joint Committee On Ways and Means Subcommittee On  
Natural Resources

Measure, Appointment or SB5543  
Topic:

With climate change increasing the likelihood of longer and hotter summers, it is important to monitor water levels to promptly turn off junior water rights in time to protect fish and preserve the rights of downstream users with senior rights. Please support additional funds for the IT needed to track stream levels and water use

Please support package 107 and 111.
