

Submitter: Robert Sowdon

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure, Appointment or Topic: HB3042

Chair and Committee members

I can see through the veil of the attempt to legalize those here in Oregon illegally by changing Citizen to Resident in 685.225. "(1) Upon the complaint of a [citizen] resident of this state". NO one should reside in Oregon or the United States illegally, period! It is against Federal Law to harbor, abet or assist an illegal alien, time to end Oregon as a Sanctuary State!

I oppose the wording of HB 3042 as being vague in context and abusing the authority of the Board of Naturopathic Medicine in discipline matters.
