

Submitter: Tammy Henninger
On Behalf Of: Harvey Reuter
Committee: House Committee On Education
Measure, Appointment or Topic: HB2953

My five year grandson Harvey Reuter who has autism and barely speaking has benefited from the special needs education he has been provided. His single mom Sarah relies on this to provide the help he is needing, without this help he will truly suffer on getting better. Please keep on providing the continued help he needs do he can survive. Thank you! Tammy Henninger
