

Submitter: Jamie Sherman

On Behalf Of:

Committee: Senate Committee On Human Services

Measure, Appointment or Topic: SB20

I have worked alongside colleagues with disabilities and witnessed first hand both their contributions and their struggles to continue working while facing the possibility of losing benefits. The income limits currently in place do not account for the realities of paying out of pocket for care nor the long term benefits to both society and the disabled of keeping them in the workforce. I urge you to support removing the income requirements for people with disabilities
