

Submitter:

Laura Rumbel

On Behalf Of:

Committee:

Senate Committee On Human Services

Measure, Appointment or Topic:

SB20

In my mind it is not even a question. When the data clearly shows that support of this bill and its subsequent policies yield better physical and mental health outcomes for participants but also delivers significant financial savings for the program- what is the opposition? It delivers significant financial benefit to those concerned with the program budget while enabling agency and upward mobility for program participants. Please vote Yes to support!
