

Submitter: Robert Danielson

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure, Appointment or Topic: HB2967

HB 2967 will only make the screening application process that much more difficult. If applicant screening fees for tenants are pushed onto housing providers, there's no telling how many unqualified applications we'll have to sort through in order to find those that are actually qualified. The amount of additional time and resources wasted during this process will not only increase costs for us, but also for the tenants in our parks, because we would need to raise rent to recover these costs.
