Chair Neron, Vice-Chair Dobson, Vice-Chair McIntire, and Members of the Committee,

Thank you for your ongoing commitment to making sure every child gets the education and support they deserve in Oregon.

As a parent of a child at Ponderosa Elementary I am here to advocate for the passage of HB 2953 and legislation that fully funds special education services. I am also with the Sacred Organizing Coalition, whose organizations and initiatives share a commitment to organizing the hundreds of community-based teams we work with - and the thousands of everyday Oregonians that are part of these local groups - to move us toward an Oregon where all belong.

[If you are a child or parent or person who has worked with a young person who has had experience or is in need of special education services, you can include 1-3 sentences describing your experience or how you/your child would benefit from fully funding special education ]

My son would strongly benefit from the funding to make sure he gets the support he needs. He currently needs 1:1 staff for his safety and to help him meet his goals. I believe that every student in Oregon deserves the support they need. I believe that teachers and staff should be equipped with the resources necessary for every child to succeed.

But because of an outdated funding formula designed over 30 years ago, Oregon is currently leaving out over 19,000 students or almost 1/4th of the 80,000 students in its funding. That's even though the need has drastically increased for special education services, with diagnoses for those with autism or anxiety and children with other needs continuing to rise.

Doing nothing means young people not getting basic support for their needs. It means more teachers and staff burnout from not having enough resourcing. Underfunded mandates mean local schools having to choose cuts in various programs. Doing nothing affects all of us.

We cannot just let an old law from the 1990s dictate whose children get to belong in Oregon schools. As a parent of a child who needs these services, all of our children belong here. Our funding should reflect this truth.

Thank you for your time and thoughtful consideration,  
Jessie Nolan, concerned mom
